Choosing The Correct Colour

When you're trying to choose the correct colour(s) for your room start by identifying the true colour(s) and undertone(s) of all the fixed elements in the room. The fixed elements are all the items which can't be moved or changed without a significant effort and/or investment.

"Yes," said Eeyore. "However," he said, brightening up a little, "we haven't had an earthquake lately."
